**Predetermination of Benefits:** Before treatment begins for inlays, onlays, single crowns, prosthetics, periodontics and oral surgery, you may file a dental treatment plan with Principal Life Insurance Company before treatment begins. Principal Life will provide a written response indicating benefits that may be payable for the proposed treatment.

- Your family deductible maximum is 3 times the per person deductible amount.
- In-network deductibles for basic and major procedures are combined.
- Out-of-network deductibles for basic and major procedures are combined.
- Maximums for preventive, basic and major procedures are combined.
- The **Maximum Accumulation Plan** was elected. This allows for a portion of unused maximum benefit to carry over to next year’s maximum benefit amount. To qualify, a member must have had a dental service performed within the calendar year and used less than the maximum threshold. The threshold is equal to the lesser of 50% of the maximum benefit or $1,000. If qualification is met, 50% of the threshold is carried over to next year’s maximum benefit. Need Answers?
If you have any questions about The Principal Plan or dental care in general, call our toll-free Benefit Advice line listed on your ID card. The Benefit Advice staff helps employees use and understand their benefits.

How do I know if my dentist participates with The Principal Plan?
Confirm Network participation with your provider when making your appointment. Always present your ID card. This tells your provider you’re eligible for network benefits.

What if my dentist is currently not a Network provider?
You may nominate your dentist for inclusion in The Principal Plan Dental network. Please submit the dentist’s name, address, phone and specialty by calling 1-800-832-4450, or submit through www.principal.com. Note: We may use your name when contacting your dentist to let him/her know you’re interested in your dentist becoming a network member. Principal Life retains final authority for approving membership in the provider network.

What if a Network dentist refers me to a specialist?
Ask your dental provider to refer you to another In-Network provider. You receive greater benefits when you visit In-Network providers.

How often do I pay deductibles?
You must meet your deductibles each calendar year (January 1 to December 31) before the policy begins paying.

Do I pay separate deductibles if I use both In-Network and Non-Network dentists?
No. Amounts you pay toward your In-Network deductible also count toward your Non-Network deductible and vice-versa.
